

HADDONFIELD MIDDLE SCHOOL
CLUBS, ACTIVITIES, SPORTS HANDBOOK SELECTION GUIDE 2018-2019

Dear Students and Parents/Guardians of Grades 6, 7, and 8:

We are proud to present to our club and activity offerings for the 2018-2019 school year. Please take time to review the selections. We encourage all students to participate. Although our Student Council and HMS Drama Club starts prior to our Club Fair, scheduled for October 3, 2018, we encourage students to get involved.

Each club's meeting times are subject to change and will be advertised to students. Activity advisors make every effort to communicate changes with club members. Please check our daily announcements/Twitter feed for updated information. Please note that after school activities are closed when school is closed and are not held on half days.

However, students should remember that homework comes first and should consider homework and other time demands when making their selections. Unless selection procedures are specified, a student can join a club at any time.

However, in order to participate in a sport, one must complete and submit an online Athletic Registration to participate in sports, including intramural sports. Click on the district [Athletics Link](#) on the Haddonfield Home Page and click on [Sports Physical Forms](#).

Please be informed that a yearly activity fee of \$75 must be paid at the start of the school year before a student can participate in any club, sport, or activity. Participation may be denied if the fee is not received. The yearly activity fee for two or more students in the Middle School is \$125. Please make checks payable to: HMS Student Activity Account and send it in with the (completed) form on the last page.

We look forward to a very exciting and fun-packed yearlong program. If you have any ideas or suggestions for improvement, we welcome them!

Sincerely,

Ms. Tracy Ann Matozzo, Principal tmatozzo@haddonfield.k12.nj.us, 856-429-5851, ext 2226

Dr. Karen Russo, Assistant Principal krusso@haddonfield.k12.nj.us, 856-429-5851, ext 2225

Middle School Philosophy for Activities and Participation

The activity and athletic programs of Haddonfield Middle School help students to develop a positive self-image, foster a sense of belonging, and increase student interest and participation in extracurricular activities that will extend into high school, college, and community. In addition, the programs are designed to foster the development of life-skills, positive values, leadership, service, and healthy habits, so that personal growth and development results with an emphasis on skill development and improvement, personal best, cooperation and team spirit, rather than focus on the high levels of performance/competition. Activities, Clubs, and Athletic Programs offer opportunity and instruction to any and all interested students at a developmentally appropriate level.

BELIEFS THAT GUIDE OUR PROGRAM AND PRACTICE

We believe that we have the responsibility to treat each person with respect.

We believe that nurturing creativity is a critical element in the learning process.

We believe that service to others promotes the social, emotional, and intellectual growth of the individual.

We believe that schools share the responsibility with family and community in promoting positive social skills.

We believe that every person has the right to a safe and nurturing environment.

We believe that learning is a lifelong process.

We believe that every person can learn and every person learns differently. We believe that all people have the right to achieve their individual potential.

We believe that the quality of education depends upon the quality of the teachers, advisors, and coaches.

We believe that valuing diversity enriches learning.

We believe that the inclusion of special needs students in regular education classrooms enriches every child's education.

We believe that we have a responsibility to teach and model ethical behavior.

Behavior:

Student athletes should abide by school rules and standards of behavior. Deviation from these rules may lead to dismissal from the team.

Communication:

Communication is of utmost importance for a successful program. Student athletes must display the ability to take direction, to get along with teammates and the coaching staff, and to share information and concerns. Parents should ask questions and keep the coaching staff informed of student issues that arise during the season.
